*ADDI CHRONO*15 NOV 1984

MEMORANDUM FOR: Chief, Analytic Support Group
 FROM : Richard J. Kerr
 Associate Deputy Director for Intelligence
 SUBJECT : First Quarter Contract Review

1. As a result of the First Quarterly Contract Review of your proposed contractual projects, I have approved those projects -- for which you have funding -- which are not specifically disapproved on the attached listing. Projects are authorized for contracting action in the amounts requested/listed: should the actual contract amount exceed the requested amount by 25%, it will be necessary to obtain my reapproval through the DI External Contracts Coordinator.

2. As a result of the recent Congressional cuts, your External Analysis (SOC 2534) budget has been reduced. Bear in mind that while I am approving your requested projects in principle, you may wish to voluntarily postpone or cancel lower priority projects to the extent that higher priority second or third quarter contracts might suffer due to a lack of available funds.

3. Also as a result of Congressional action, the DI is required to identify [redacted] in external analysis contracts that are being performed during FY 1985 under the rubric of "alternative assessments/competitive analysis". Your Executive Officer will be contacted shortly by the DI External Contracts Coordinator regarding this requirement.

4. For questions concerning the Congressional cut to our External Analysis budget or the First Quarter External Contract Review, please contact [redacted], the DI External Contract Coordinator, on extension [redacted]
